Additional ways in which CC/CC can help meet the goals and needs of the SDUSD:

Compassionate Comprehension with the Common Core helps provide community-building and character-building experiences, and helps create a student-friendly environment, a culture of compassion in the classroom, and a safe space for authentic student engagement.

Students' participation in CC/CC can foster collaborative conversations, critical thinking, and can provide opportunities for developing skills found in the Common Core Standards, in Listening, Speaking, Reading, and Writing; participation in the CC/CC activities can help introduce, teach, monitor, and/or assess those skills.
